ALL IN™

The S73™ Pearl Reactive Coverstock can handle moderately-heavy volumes of oil and is best known for its aggressive reaction downlane.

The Clockwork™ Symmetric core provides versatility across a wide range of bowler styles and drilling layouts.

We've gone "ALL IN" on performance in the Preferred Series, wrapping our Clockwork Symmetric core with our S73 Pearl Reactive shell. Expect to see a strong later-midlane motion on medium-heavy lane conditions!

Lbs	RG	DIFF
16	2.50	.043
15	2.52	.043
14	2.53	.043
13	2.58	.040
12	2.60	.040
