

For Immediate Release

Wes Pye to join Global Manufacturing

SAN ANTONIO, Texas – Global Manufacturing is very pleased to announce the appointment of Wes Pye as Vice President of Sales effective April 1. In his new role, Pye will be responsible for the development, management, and growth of Global Manufacturing and its brands. This will primarily include 900 Global and 3G Shoes. He will also interact with Global's partners on the development of AMF300 and other private label brands.

"This is an outstanding opportunity in the Bowling industry with a great group of very talented people. I'm looking forward to being a member of the Team in San Antonio." stated Pye.

"Wes' energy and industry experience is a great fit for Global." said Dave Symes, SPI President. "He has been a valued colleague at Storm and will be a great asset to the fans, partners, and customers of 900 Global and 3G."

Over his career in the bowling industry, Pye has had a variety of experiences including PBA member, pro shop owner/operator, and bowling proprietor. In 1997, Pye joined Storm Products as Northeast Regional Sales Manager. He was later promoted to Vice President of Sales. Since 2008, Pye has served as International Sales Consultant. His responsibilities have focused on the sales and marketing of the Storm, Roto Grip, and Master Industries brands in Europe, Mexico, and Latin America. In this capacity, he increased sales in all three regions. Pye also helped to successfully execute a logistical operation to better serve pro shops and bowling centers in Europe.
